Believing ...

HEY, what's cooking? What's shaking and baking? Hopefully not you. It's too bad that you had to move away from Greenwood High School during the middle of your high school years. I know how you had feeling depressed, or need a friend to talk to. I'll be there. We have a lot in common, more so than you may think. I'll never forget you (Muff talks about you too much to forget) and I hope we can become good friends. You are a person I'd really like to get to know. Don't forget about me when I am back where I belong. (Huntington Beach, California) And if your ever out in that direction come see me! Try not to let the people around here get you down, just remember you have a friend!

P.S. want to see my yearbook from H

Is the beginning

Brad,

Thanks for being a friend. Good luck with the rest of High School. I guess this is the page for all the people that have moved in High School. Kinda strange! Maybe we'll survive Jennifer this year. Who knows. You're a really nice guy who doesn't look at the outside but at what a person ~~who~~ is really like. Keep it up! You may forget most of everything you learn in school, but never forget what you learn from your friends. I really hope you easily decide what you want to do with your life & I hope everything goes well. I'll remember you forever!

Till He Comes,
Robin Carver

Brood!
 Hey Brod!
 I'm glad that
 you came to Indian
 Creek, even if you don't

 in fun fruits spells Hamlet on ham, let,
 it melt. The words are endless! 😊 Good luck
 at this vast and wonderful school that we go to
 and in the next couple of years. (After that-
 well, who cares?) ((kidding)) 😊 I guess I better
 go! I'm sorry if I am messin up your
 book 😊
 Wuv ya!
 Miki

Of a dream come true

Brood!
 To a really
 nice, sweet guy
 who just likes to
 sit back & listen to
 the girl talk at lunch. Thanks
 for being a soca friend! I know it's
 boring around here compared to Greenwood!
 But wait til February when Cardi comes to
 see me! (8 you!) Good Luck in everything
 you do in life!

Believing is the beginning

Everyone has dreams; everyone needs dreams. Without them our lives are dull and meaningless. With nothing to dream about, nothing to strive for, how can we hope to accomplish anything.

We are young; we are strong; and we are dreamers. During our high school years many of our dreams became reality because we believed in what we did.

We believed in ourselves, our classmates, our teammates, our friends. That is how we made our dreams come true. No amount of effort was too much to make the dreams a reality. Whether it was achieving a straight 'A' average, winning a State title, playing the lead in a play, setting a new school record, or helping the less fortunate — we believed anything was possible, if we believed.

Lifestyles

"You see things; and you say 'Why?' But I dream things that never were; and I say 'Why not?'" George Bernard Shaw

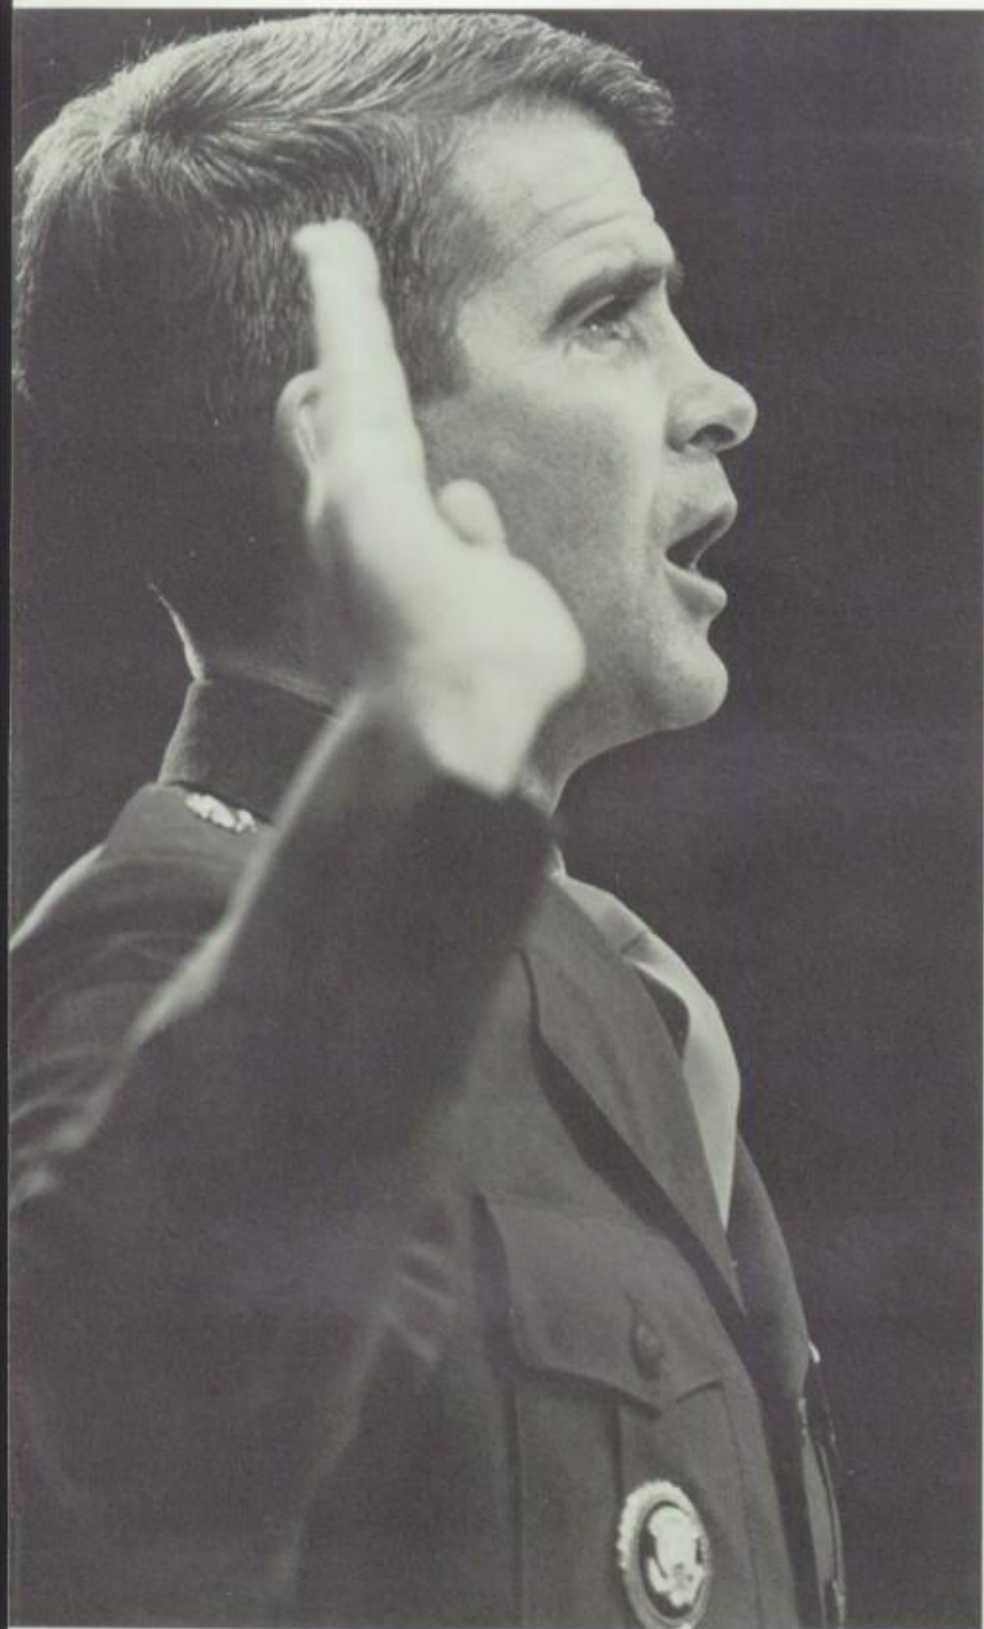

"If you can imagine it, you can achieve it. If you can dream it, you can become it."

Conflicts shake world

1. The year 1987-88 will be remembered as the Year of Scandal for our illustrious politicians and television evangelists. Rev. Jim Bakker and his tearful wife, Tammy Faye, bowed out of the PTL ministry after he confessed to an indiscreet sexual encounter. Evangelist Jimmy Swaggart and presidential-hopeful Gary Hart joined the ranks of those accused of such scandals. 2. David and Maddie steamed-up the screen in hit series "Moonlighting". 3. First-lady, Nancy Reagan, presented a check to Indiana Pacer, Wayman Tisdale, for his "Just Say No" program during her Indianapolis visit. (ss) 4. Vanna White remained the most-popular game-show hostess in America. 5. The U.S. began escorting vessels and sweeping for mines in the Persian Gulf. 6. Marine Lt. Col. Oliver North became a celebrity during the Iran-Contra hearings. 7. "Black Monday". "The Crash". "The Meltdown". On Monday, October 19, the stock market fell 508 points, the largest in history, stripping \$500 billion from the value of U.S. securities. 8. Ray Donaldson discussed the NFL players' strike with Greg Miller. (eh) 9. John Cougar Mellencamp rocked the USA with his concert tour which sold out three nights in MSA. 10. "Public Health Enemy #1", AIDS, was the subject of many marches, Senate hearings, and world-wide research.

AS TIME GOES ON

*Remember when we were all so young,
Playing around and singing songs.
We built fantasies and dreams in our sandbox,
Played with dolls and pick-up trucks.
We hopped, skipped, and jumped rope.
We cared for our toys, and washed them with soap.*

*Can you remember your first day of school?
All the young kids thought you were cool.
But then you got homework, that's no fun.
You said, "Homework is a tool made for the dumb."
But you worked harder and harder every day,
You didn't even have time to go out and play.*

*As you grew older, you realized it wasn't so dumb,
Actually you started having alot of great fun.
But now it's over, my how time flies.
Now where do you go, should you go for the sky?
Plan your future on what you believe,
What you feel, and what you can achieve.
Because the sky is the limit for what can be done,
So have a great future filled with laughter and fun.*

Class Motto:

"This is not the end. It is not even the beginning of the end. But it is perhaps, the end of the beginning." Sir Winston Churchill

"We Were Young . . . "

As children stumbling under foot we were told:
stop putting your sister in a choke hold!
don't paint the dog, or color the walls.

don't lie
don't cheat
don't fight
brush your teeth!

make good grades,
pay attention . . .
don't leave until your bed is made!

life's not fair
sit right in that chair!

put things back . . .
you're going to give me a heart attack!

Be yourself . . . and make us
PROUD.

From who these came were many:
the parents, the teachers, the friends in plenty.

But alas, now it is time to stop rhyming and continue our lives, as we
pass down the torch of youth to future generations.

We stand ready as a class, hand in hand, side by side.
For now it is our turn to make our mark in history,
set the world on fire,
bridge the gaps,
make world peace,
but most importantly,
to fulfill our dreams aspired in childhood.

From the moment you came into our lives,
You brought us happiness and joy.
What a wonderful gift a child can be.
So cute, loving, and even quite coy!
It's hard to be a parent,
Especially when it's your first.
We always did what we thought was best,
And now we're so proud we could burst.
We've gone through 18 years with many memories,
And we always agree or understand you.
But the one thing we did do was love you,
And you made that the easiest thing to do!
With much love and pride,
Mom and Dad

for yourself, you have also helped fulfill
one of our dreams for your future."
"We Love You"

CHED,
The high school chapter is drawing to a close. As you prepare
for the next chapter remember what made these years
meaningful:
The desire to do your best
The discipline to complete the task
The sensitivity to the needs of those around you
The ability to enjoy life
Above all, your commitment to God!
We love you and are proud of you.
Mom and Dad

GREG,
It seems like such a short time ago that you were our little baby boy,
and all too fast you have become a responsible, caring young man,
graduating from high school.
You have brought us a lot of joy and pride as we have watched you
learn and grow and work hard to achieve your goals. And now you are
ready to set out on your own to accomplish even larger goals. Just
remember that although we may not be right there with you, as we were
when you were young, there are two people at "home" who love you very
much. You can always "call collect".
Love,
Mom and Dad

TO DAVID ZENOR,

You have brightened our home with your sincer, sensitive and witty ways. It has been a joy to watch you grow from my "Little Pooh Bear" into a fine young man that you are becoming. You have given us such joy! May God richly Bless you, son.

With all of our love,
Mom and Larry

When the days for Snoopy grow old,
And you stop doing what you're told,
Then you're growing old.

When you started going to school,
The teacher called on you,
Trying to make you look like a fool.

As the years passed, the classes got harder,
But you didn't feel that you were getting smarter.

Then the day came, you had your own locker,
The teacher still called on you,
But you weren't a talker.

Then you made it to the big time,
But some of the classes got you in a bind.

Finally you made it! You graduated!
Now aren't you glad you meditated.

Off you go to college or whatever,
And good luck to you in your life forever.

David Zenor

I hate it when that happens.

You be alright.

Bummer!

Would I lie to you?

You can do anything if you put your mind to it.

Yo! What' up!

What happens, happens.

Get a room!

Get off!

Man...

What? I didn't understand.

Think again!

Craziness!

Whatever!

Rocko!

Later

I though you said . . .

Oh, pul-ease!

Rock 'N Roll

Never do for today what you can put off for tomorrow.

You ate it?

How do you say that in English?

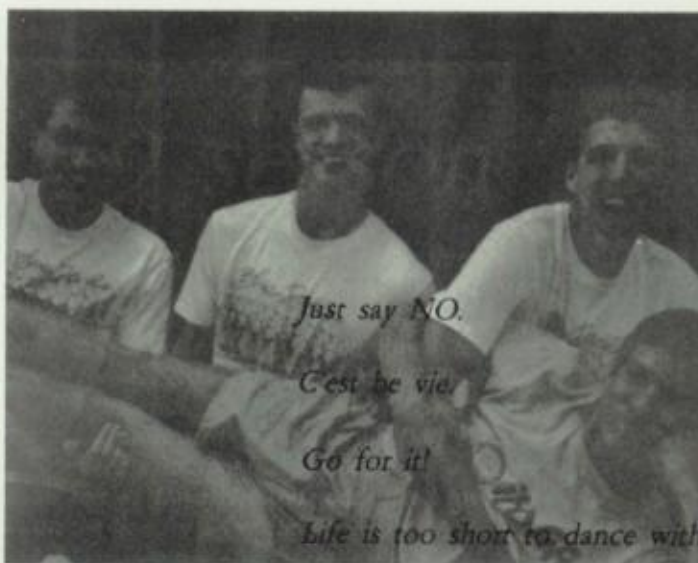

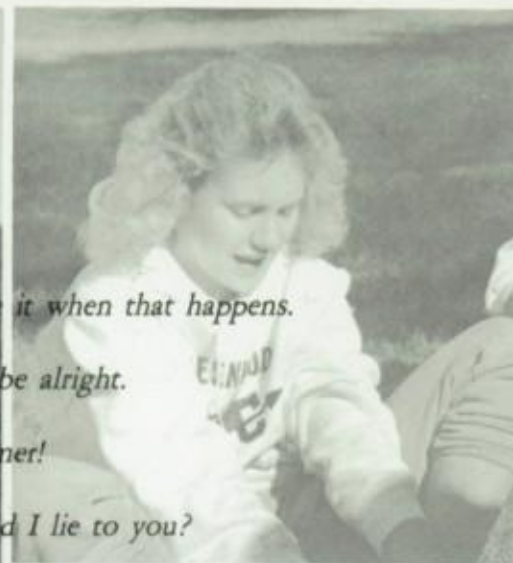

It ain't over till it's over.

Imagine that!

It's never cold when you're hot!

I didn't know!

Life's a beach full of disgusting bodies.

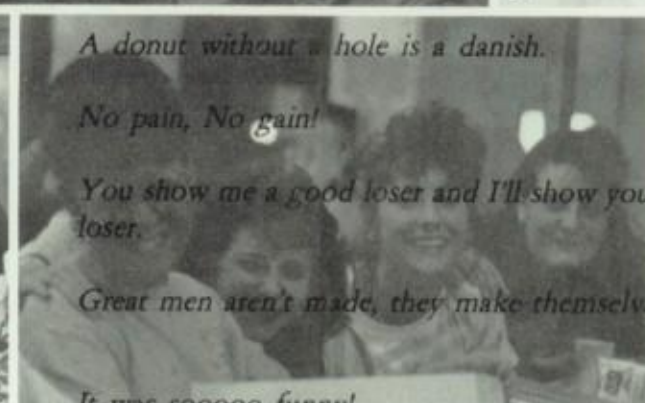

Just say NO.

C'est be vie.

Go for it!

Life is too short to dance with ugly women.

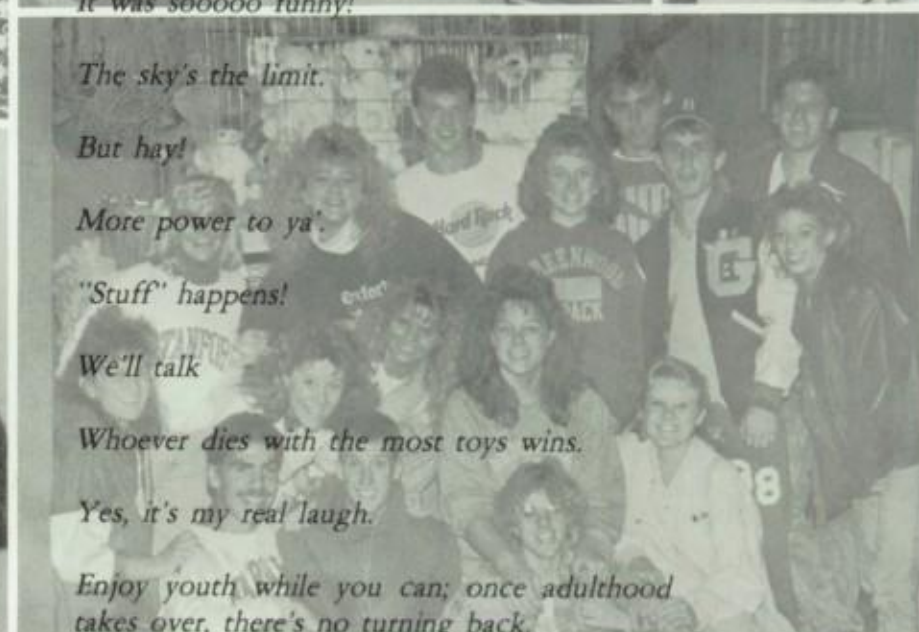

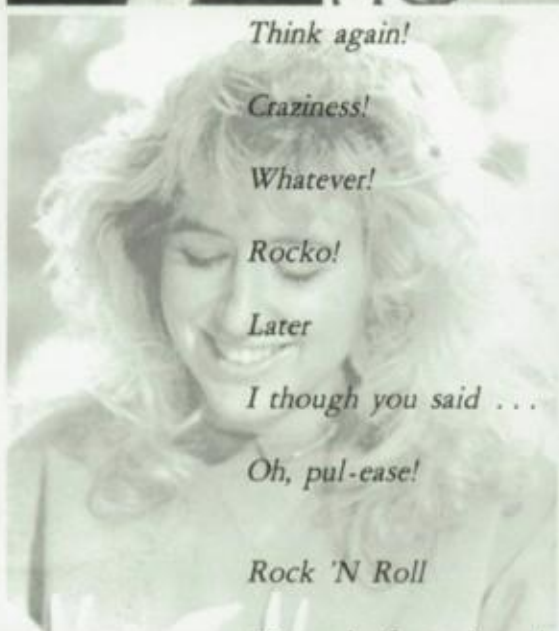

A donut without a hole is a danish.

No pain, No gain!

You show me a good loser and I'll show you a loser.

Great men aren't made, they make themselves.

It was soooooo funny!

The sky's the limit.

But hay!

More power to ya'.

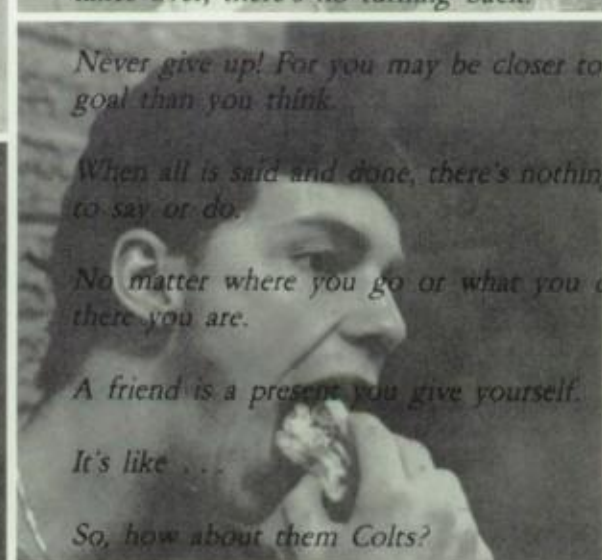

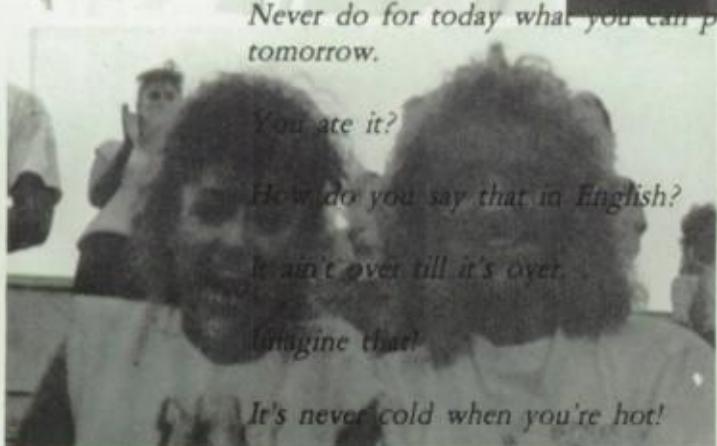

"Stuff" happens!

We'll talk

Whoever dies with the most toys wins.

Yes, it's my real laugh.

Enjoy youth while you can; once adulthood takes over, there's no turning back.

Never give up! For you may be closer to your goal than you think.

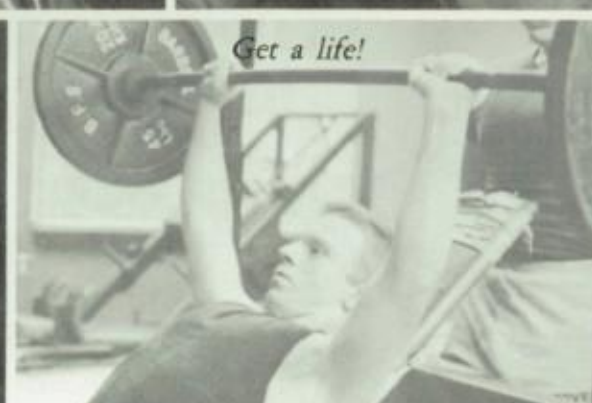

When all is said and done, there's nothing left to say or do.

No matter where you go or what you do — there you are.

A friend is a present you give yourself.

It's like . . .

So, how about them Colts?

Get a life!

AMY HARRIS

*Death is a part of life
Now that I am physically dead
All that is left of me on this earth is . . . Love.*

*If you need to cry
Cry for each other.
Cry for the babies yet unborn who
must enter a troubled world — unprepared
Cry for the troubled youth who
struggle against unnamed demons to find their way.
Cry for those who allow the demons to manifest and destroy.
Cry for those who never learn to love
and for the old people who wait to die.*

*When you need me
Reach out to your child, your sister, your mother,
Someone — and give to them what you so
Desperately need to give to me.*

*Remember, just because I do not walk among you,
Do not hesitate to believe that I am among you.
Look for me; I will be there —
Reflected in the eyes of all those I have loved.*

*You can love me most by loving each other —
By letting go of bitterness
By forgiving each other
By accepting each other
And by living in peace.*

*I am love
But, I cannot live in a heart
Filled with bitterness, anger or guilt.
So to all of you who loved me —
And those who loved me, but not enough —
Free your heart, that I might live through you.
You have already forgiven me my frailties
And, I have forgiven yours.
Now, forgive each other.*

*Love doesn't die
People do.
Now, when all that's left of me is love —
Give me away.*

Who, When, & Why?

We started off asking simple questions as, "How does that work?" "Where did that come from?" and "Why do we have to do that?"

Now we are asking the same questions except now we are finding the answers ourselves. We're finding the solutions for ourselves. We've come a long way from the little children who wanted to know how the world worked. Now, here we are ready to set the world on fire and start answering questions for the new generations.

Woodmen defend title

The Greenwood Marching Woodmen had an exceptional season, winning yet another State Championship and taking high honors at all of their contests! These honors included: Best Marching at the Carmel Invitational; Best General Effect, Auxiliary and Drum Majors at the Center Grove Calvacade of Champions; Best Marching, Music, General Effect, and Auxiliary at both ISSMA District and the Cincinnati Music Bowl.

The bandmen all worked hard during the season, striving to re-capture the State title. Being a champion band requires hours of dedication and hard work. Said Senior Julie Lang, "When we did it the first time, it seemed like a dream. It was the greatest happening I had ever experienced. I knew that feeling didn't come every day, and I wanted more than anything to repeat it. As the season began, I realized that we would have to work even harder to keep from falling into the over-confidence trap that destroys so many promising bands."

Director Jon Sutton appreciates the championship for what it is — a very prestigious award — but he also puts a great deal of emphasis on the individual development of each band member. "Even though it's hard to hang on to a title such as State Champions, there is a better understanding by the students of what kind of work and dedication is required," said Mr. Sutton. "I am very proud of both this band and last year's band equally, not so much because of the championship title, but rather the progress they made throughout the year."

Guard wins 2nd in State

Looking back over the 1988 Winter Guard season brought fond memories and high emotions for members of the Irish Guard. For the first time in six years, the guard beat rival Center Grove and faced the despair of being beaten by the Trojans later in the season. Excitement marked the placing of sixth in the national contest. But there was some disappointment in finishing only second in the State competition.

There was anticipation in learning the new show, a fashion show theme. Frustration and many costume changes marked the practices. There was relief of the last practice and sadness in the last performance. Love and respect for the other guard members grew with the season.

Director Greg Hagan said, "This show will never be over, and even when it's over, it won't really be over because it will live in our memories forever." (js)

'All That Jazz' rocks band

The Jazz Band rocked and rolled with numbers from the masters of the art — Duke Ellington, Louis Armstrong, and Chuck Mangione — just to name a few of the artists' works studied by the Jazz Band.

For the first time the ensemble met as a class for credit in the music program, making the study of jazz more formal. Director Matt Barmore was able to approach the jazz from an academic as well as performance angle, producing a richer sound from the group. The daily practice sessions led to first division ratings in the ISSMA jazz competitions and concert engagements around the community.

A highlight of the Jazz Band's year was an intimate, joint concert with the Swing Choir, the Singasons, in May in the cafeteria. The ensemble provided musical selections which set the feet of the audience tapping to the swing of the music.

Another addition to the instrumental music program was the forming of two percussion ensembles.

Studying various types of music has improved the instrumental music program overall. With the addition of the jazz ensemble for credit and more students taking private lessons, interest in solo and ensemble contests has greatly increased, according to Mr. Barmore, assistant band director.

He said more emphasis was being put on the concert season with five concerts instead of three, which has helped improve the highly visible marching band program. He also said these changes helped the marching band win their second State Championship by helping the students become better overall musicians.

Jazz Band was just one of the academic music groups directed by Mr. Barmore and Mr. Jon Sutton.

1. Eric Schaberg, Trent Jensen, and Mark Adams provided bass and beat the the Jazz Band, Blue Tofu. (se) 2. Blue Tofu featured Aaron DeSpain as a solo sax. Aaron won the Louis Armstrong Jazz Award as the top jazz musician.(se) 3. The Pep Band provided the beat for basketball games. 4. Mr. Barmore directed the Jazz Band with conviction. 5. The sax section jammed in class.

Concert bands entertain

The concert band season was a success both in learning and entertainment. Both Wind Ensemble and Symphonic Band performed many concerts and competed in the ISSMA district large ensemble contests. Both received high honors and First Division ratings. But more important than any rating at a contest, was the increasing awareness of music among the students and the fine tuning of their playing skills.

In Wind Ensemble, students concentrated on tone quality and balance. The Symphonic Band students worked on technique and intonation. The improvement in the quality of sound produced in both bands was clearly evident at the concerts performed throughout the year. Because of the great success of the marching band and the improvement in the concert bands, the instrumental music program is growing.

6. The many faces of the Wind Ensemble paused for a breath. (se) 7. Derek Carmichael concentrated intently on the music for percussion. 8. The horn line puckered for posterity. 9. The Symphonic Band prepared for a concert.(se)

Musical notes

The choral music program flourished with the Concert Choir, Cadet Choir, and Advanced Girls Chorus. Beginning with the fall concerts, the choirs performed at various community events throughout the Christmas holidays. In January they began to prepare the All-American revue for the Johnson County Republican dinner in February. The show featured song and dance celebrating the heritage of America.

In the spring, the choirs participated in solo and ensemble contest again earning first division ratings. Another spring highlight was the ISSMA contest where again GCHS choirs earned first place recognition. The spring concert celebrated the 100th birthday of Irving Berlin with songs made popular by the American composer.

Family life explored in play

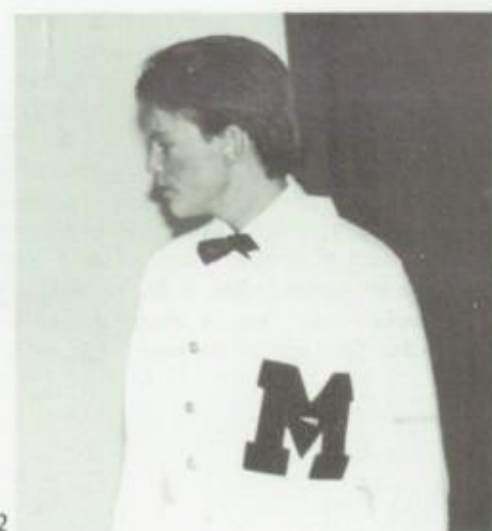

The fall play, *Cheaper By the Dozen*, transported the audience to a household of twelve children during the Roaring '20's. The comedy, which is based on a real family, the Gilbreths, delighted and charmed its audiences. But underneath the laughter, there were lessons in the pains of growing-up, love, respect, and above all, efficiency.

Mr. Gilbreth, the father of the large clan, was a world renowned efficiency expert, and his goal was to run his household with the efficiency of a fine-tuned factory. The audience watched as the Gilbreth children assembled in long family councils, learned to do long division in their heads, took baths in the least amount of time, and skipped grades in school as often as possible.

The play was also about the pains of adolescence. Anne, the oldest daughter, went on her first date, began to wear make-up, and told her father that she was going to wear silk stockings whether he liked it or not.

In the end, the Gilbreths learned that deep family ties could get them through sibling squabbles, tough exams given by strict teachers, and the death of their father. By the time the cast took their final bows, they had given the audience the gift of laughter as well as a lesson in life.

The play was Ms. Janelle Runge's debut as the new director at GCHS. (ka)

Anne, Ernestine, and Martha are excited because a boy has finally called the Gilbreth house. Anne may have a date! 7. Angie McCann applies make-up to Nathan Clayborn on opening night. 8. Mr. Gilbreth always brought his children gifts from his trips, and they can't imagine what is in the box. 9. Frank ponders over his next move in a checker game against his sister, Ernestine.(mk)

'Grease' rocks audience

The audience was rockin' and rollin' in the aisles as GCHS presented the musical, "Grease", on March 18 and 19. This be-boppin' 1950's musical was about the students of Rydell High and the way they dealt with the problems of growing up.

Although all teenagers have similar problems, it took the cast members many hours of practice just to develop their characters and become "greasers" and "pink ladies". But the end result was successful.

The packed houses were snapping their fingers to tunes like "Summer Nights" and "Greased Lightning". They were "shooby doo woping" and "whoa whoa whoa" along with the "Beauty School Dropout", "Freddy", and "Raining on Prom Night."

Rydell High was never as much rockin' and rollin' fun as was GCHS on the musical nights. The show was produced by the Performing Arts department with music by a rock ensemble. (lh)

1. Kevin Kern, as the suave Teen Angel, sang to Frenchy (Laura Hutton) about the perils of life while a chorus of angels looks on. 2. Rizzo (Beth Morack) and Kinicke (Robb Eads) provided the steamy scenes in the show. 3. Kinicke and his blind date, Cha-Cha (Amy Roberts), came to the hop together, but left with other dates. 4. Jan (Lora Adams) chowed down on the "Cafe Cuisine". 5. Johnny Casino (Dallas Hendricks) and The Main Brain, Vince Fontaine (Jim Nowacki) were the entertainment at the Sock Hop. 6. Special guest, Mr. Matt Barmore, added to the band with his wailing sax solos. 7. The cast of "Grease" before the show. 8. The Greasers, Roger (Nathan Clayborn), Sonny (Chad Kerlin), Kinicke (Robb Eads), and Bobby (John Jones) sang their hearts out for the women of their dreams. 9. Sandy (Julie Pauszek) and Danny (Steve Hunt) were together, at last! 10. Eugene (Mike Voyles), Miss Lynch (Sandy Miller) and Patty (Karla Armenoff) remember the days gone by at a class reunion. 11. The kids of Rydell High were shakin' at the hop.(mk)

Choir swings

The Swing Choir changed their image in 1988 with a new name, new costumes, and jazzy new singing and dancing. The Singsations, composed of six couples and an accompanist, added excitement to the choral music department.

The Singsations, directed by Mrs. Rebecca Davis and choreographed by Mrs. Susan Buntton, had a Broadway jazz style. From "Chorus Line" came the introductory song, "One". Then the singers swung to "Too Darn Hot", "Jeepers Creepers", and "Broadway Tour Bus".

The Singsations went on "tour" singing for several community groups. They also were featured at music department concerts, ending their season with an intimate concert with the Jazz Band complete with refreshments. (lh)

Academics

"Education is pounding abstract ideas into concrete heads." Kim Broady

"Learning sleeps and snores in libraries, but wisdom is everywhere, wide awake, on tiptoe." Josh Billings

Language Arts

Book reports, research papers, Shakespeare, Greek derivatives, grammar, Hell papers, Spanish, French, and speeches were all a part of Language Arts classes.

Students spent many hours in required English classes learning the parts of speech, diagraming sentences, slaving over vocabulary, and reading and interpreting literature. For the first time, a few sophomores experienced using computers to learn word processing as part of their composition class. Students in the class found it easier to write and correct compositions on the computers than with traditional means.

The Arts and Literature class was another new course offering. Students studied the connections between various eras of literature with the art, music, and history of the period. The purpose was to foster a better understanding of the literature by placing it in the context of the time periods as a whole.

Mathematics at its best

Although math is a difficult subject, it has many practical purposes. Wherever one goes in life, math will help. This is why so many people continue to take math past the required number of years.

The courses vary from General Math to Busi-

ness Math to Trigonometry and Calculus. The Calculus class can also be taken for college credit at Indiana University. Mr. William McFerran shared his wisdom with the class. He said, "To do well in math and science: review, review, review!"(kb)

Tim Guinan's "Dr. Jekyll" nature is revealed, puzzling Chip Johnson.

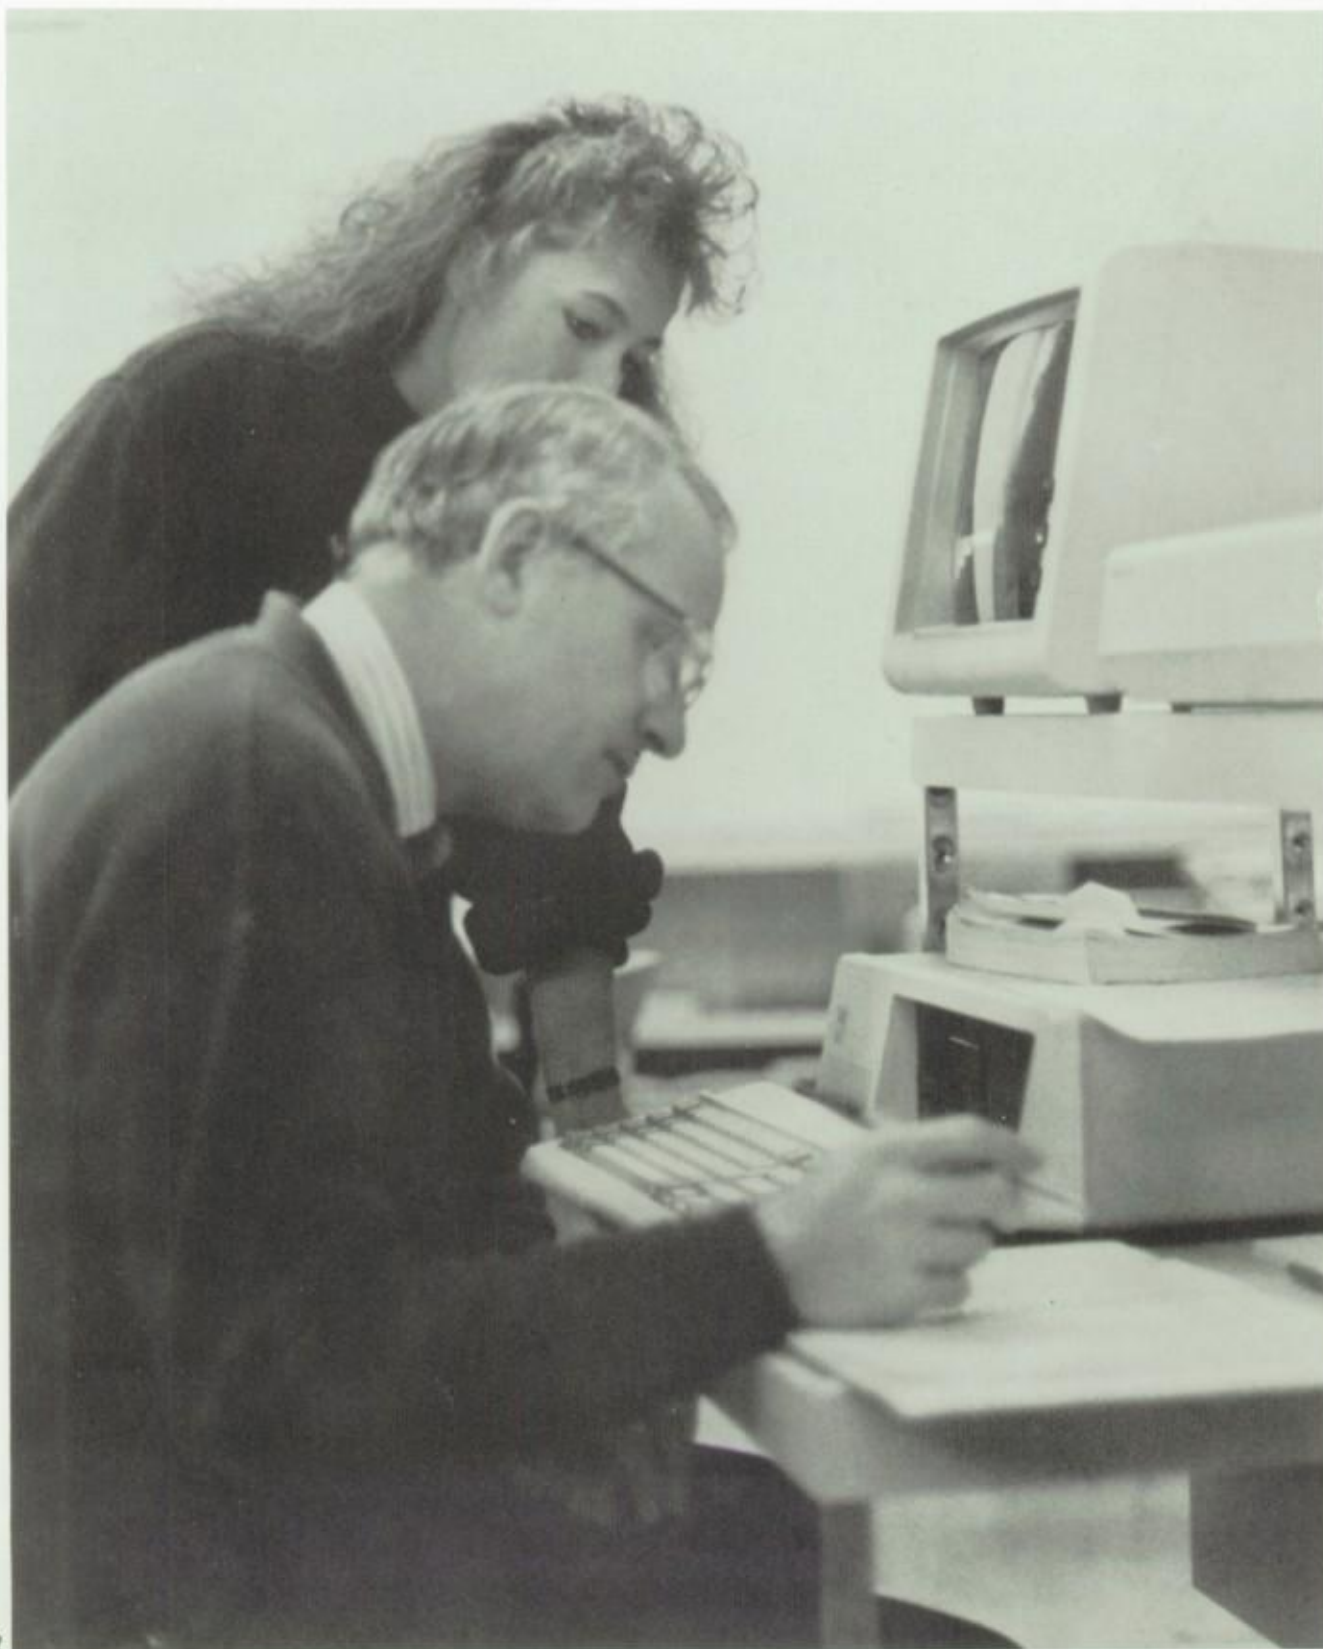

Scientists create

Science is a very creative subject. Physics students can create levers and catapults; chemistry students can mix and identify chemicals and elements; and biology students can dissect animals to identify cells and organs.

GCHS Science Department covers the world and outer space with its forces and discoveries. Science has a way of explaining those things that may seem unexplainable.

Computers

Computers have become increasingly essential to the success of any business, and GCHS has provided the chance to learn how to maneuver these silicon storehouses of information. Besides the basic computer classes such as literacy and programming, computers have proved to be helpful in Accounting, Word Processing, Office Procedures, and English. (jl)

1. Tiffany Osborne pondered the meaning of life in the world of computers. 2. Mr. Bill Mellencamp, computer lab coordinator, assisted Lisa Tout with programming problem. 3. Jenny Scott examined a printout of a program. 4. Business classes prepared students for promising careers in management.

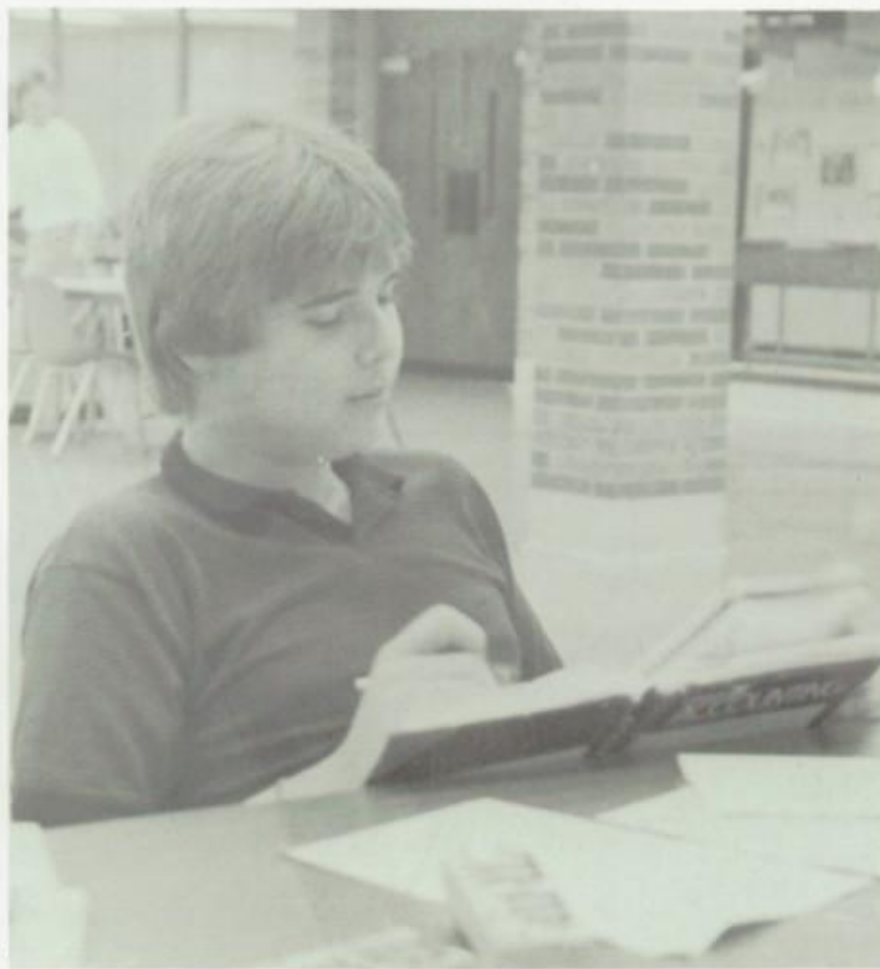

5

Business expands

What does every successful person in the business world today have? A good background in a variety of business skills. GCHS offered many classes which developed such skills. Typing, shorthand, and accounting were just a few of the classes. Preparation for the business world was important in such classes as Office Procedures and Word Processing. The skills enabled students to directly enter the business world. (jl)

5. Typing classes gave student a background in keyboarding which could be transfered to computer classes later. 6. Brevin Rossman spends his time 'accounting' M & M's in study hall. 7. Johnanna Murphy hones her keyboarding skills with practice. 8. Jim Wall shows intense concentration in his keyboarding class.

Art

Art students worked in a variety of media from gold and silver in jewelry to oils and water colors in advanced art to pencil in beginning art. Students were successful in their efforts as Greenwood again placed several student works in the Scholastics Art Competition, including winning Gold Keys.

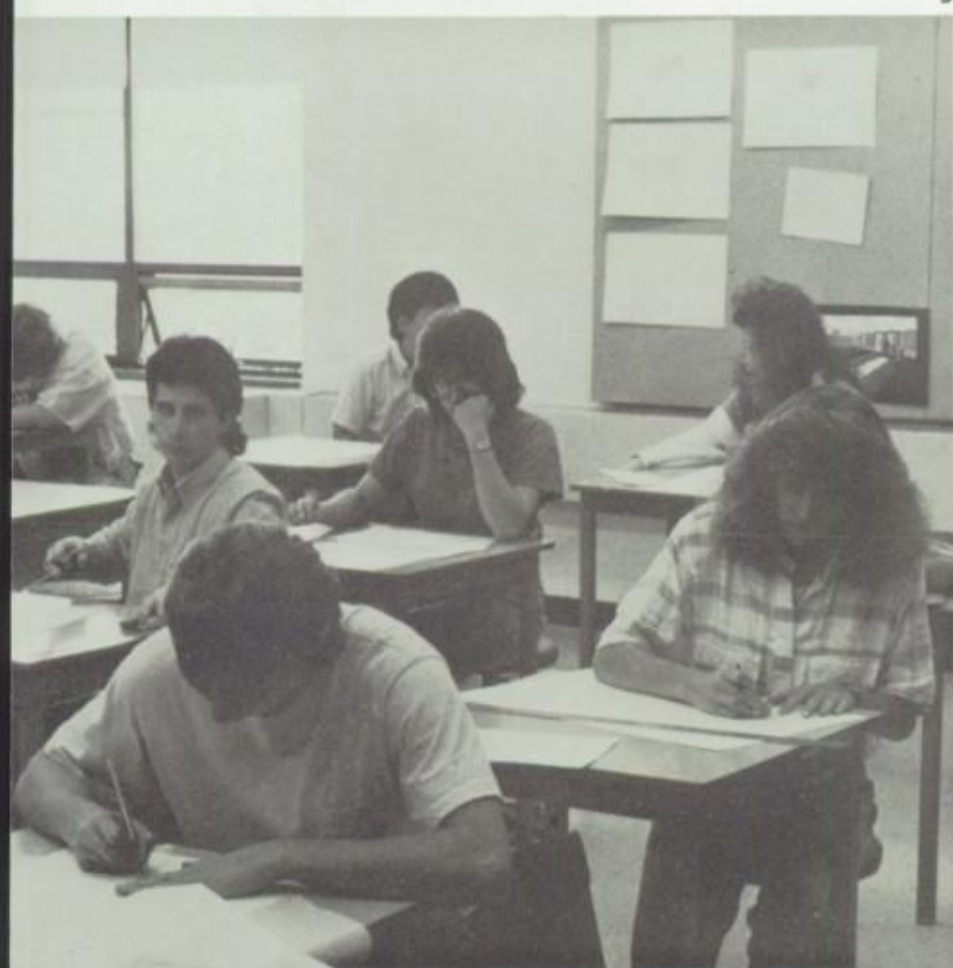

Art classes gave students an opportunity for self-expression not often found in other classes. Working with the hands to create a drawing, a sculpture, a photograph, or a piece of jewelry was a release from the normal academic pressures. Students found a chance to engage in less rigid classroom activities having fun while achieving personal success and pride. Art students discovered their special artistic talent through the variety of activities in the department.

Under the direction of Mr. Joseph Reynolds and Mrs. Judith Adamson, the GCHS Art department continued its growth. Classes in 1988 were filled and the demand for these classes continued to increase. Student art works lined the hallways and filled the display cases throughout the year.

Students worked on still life drawing using a variety of subjects. 4. Students worked carefully on tracing projects. 5. Mrs. Adamson made suggestions to students to improve their pencil drawing. 6. Fitness mattered

Fitness mattered in health and physical education classes. Students not only learned the basics about good health and hygiene, they also had a chance to teach others through the advanced physical education classes adult fitness program.

In the beginning physical education classes, emphasis was on being fit through athletic activities. These activities ranged from basketball, volleyball, and track to archery, gymnastics, and dance. Skills and rules of the games were taught in these classes.

The advanced physical education classes spent time with lifetime activity skills. Students learned safety for motorcycles, lifesaving techniques in swimming, and took a trip to a cave. They learned to teach games as well as play them.

Part of the fitness training was to work with adult volunteers in the community. After testing the adults and determining their fitness levels, students worked out a program of fitness and daily worked with the adults. Students and community members could be seen jogging around the grounds or swimming in the pool as part of the training.

Health classes gained a basic understanding of how the human body works. Emphasis was placed on recognizing danger signs for various illnesses. Students got a first hand look at the dangers of smoking and drug and alcohol abuse. The Greenwood Fire Department demonstrated fire safety and lifesaving techniques.

Home working

Home Economics and Industrial Arts departments offered classes to prepare teenagers vocationally for their adult lives. The focus of these departments was skills needed to succeed in daily living.

Classes in Home Economics included Foods I and II, Clothing I, II, and III, Child Development, Family Living, and Home Furnishing. These classes stressed the organizational and management techniques needed in today's fast-paced, high tech homes. No longer were foods students learning traditional cooking skills, but use of microwaves and food processors were part of the instruction.

The Industrial Arts classes included Woods I, II, and III, Metals I, II, III, Drafting, Industrial Management, Power Mechanics I and II, Graphic Arts I and II, and Electricity I and II. These classes helped students interested in a vocation get the basics in use of tools and management of industrial shops. Modern equipment was demonstrated, including drafting with computers.

Social studies

Social Studies students had the opportunity to put current history in perspective by studying the past. Classes in U.S. History and World History traced the changes in our world and society to examine how we got where we are today.

Sociology and Psychology classes tried to put man's intellectual development into perspective through examination of the social systems and mental processes of man.

Geography students looked at how the world has become smaller learning about the relationships between countries past and present.

Economics and Current Events classes looked at today and tried to understand the "why" and "how" of our modern world.

C-9 trains for future careers

Central 9 students trained for their futures in vocational careers ranging from horticulture to printing to metal shop to business. Students were introduced to a range of vocational activities and projects which led many to permanent jobs through the placement program.

Students for Central 9 were selected through an application process. Students wishing to enter the school must qualify academically and be rated by teachers as having the potential for success in their chosen career. It was highly selective and only those at the top of their vocational interests were accepted. Central 9 students attend one-half day at their home high schools and the other half in the vocational program. The on-hand training and extra-curricular activities provided opportunities for students to explore their futures. Students found no replacement for job experiences.

1. Learning a trade in floral arranging was part of the horticulture classes. 2. Practical nursing will be high on the list of demands for the future as the nursing shortage reached critical stages in the Indianapolis area. 3. Plant care included planting and watering various plants. 4. Auto mechanics was one vocation offered in the Central 9 program. 5. Machine trades involved learning to use intricate machinery found in machine and tool shops. 6. Break-time was never like this at the high school. 7. Welding was another trade taught at C-9.(mk)

Dr. B. retires

After 21 years at the helm of Greenwood Schools, Dr. Earl Blemker decided to retire to a life of golfing and playing with his grandchildren. Over the years he witnessed many changes in the schools including the building of the present high school, the addition of the auxiliary gym and pool complex, the building of the football stadium, and many building changes in the middle and elementary schools.

Dr. Blemker's major responsibilities fell into the financial realm. As a physics, math, and chemistry major, Dr. Blemker was no stranger to figures. He kept the Greenwood Schools moving forward despite changes in the financial base for Indiana education. One of his greatest disappointments was the defeat of the referendum in February.

Dr. Blemker said he was proud of the progress in the schools in his tenure. Besides the improvement in the facilities, he has seen the curriculum expand into the computer age, the faculty increase in numbers and quality, and the students excel in everything from academics to performing arts to athletics. He said he would like to have had more contact with the students, but his job did not allow time for personal contact. But he said he was proud of the individual achievements of Greenwood students.

1. Dr. Earl Blemker poses with his grandchildren Matt and Elizabeth at his retirement reception. One retirement activity will be spending more time with his grandchildren. 2. The Greenwood community turned out to honor Dr. Blemker and his family for 21 years of service. 3. Dr. Robert Brenton presents Dr. Blemker with a retirement gift. 4. Policy makers

The school administration is responsible for making policy to govern the five schools in the corporation. One of the biggest concerns this year centered on the school tax referendum which would raise money for the schools to keep and improve programming. February 16 was the day voters cast the fate of the Greenwood Schools.

After 20 years in the Greenwood Schools, Dr. Earl Blemker retired as superintendent. His tenure saw the building of the high school building, the addition of the pool and auxiliary gym, the construction of a new football complex, improvements in curriculum, and the addition of personnel.

Sports

"Attitude is the key to success. If the entire team, whether it be in band or in sports, doesn't have a winning attitude, you may as well hand the "State Champion's" trophy over to another school." Eric Schaberg

Varstiy continues winning tradition

The varsity football team enjoyed much of the success it expected to receive during the 1987 season. It was hard to forget a second heartbreaking loss to Center Grove in the Hoosier Dome, along with an opening round Sectional loss to Pendleton Heights. A second straight Mid-State title, however, was claimed by the Woodmen who finished 5-1 in conference play and 8-3 overall.

The individuals who made the team successful were many. Those recognized for their outstanding efforts were Most Valuable Player Bill Hotopp, Rick Machledt Mental Attitude Award winner Mike Cline, and the Mike Neeley Most Valuable Lineman award winner Jason Hofmann. Hofmann also received a place on the UPI 1st team All-State.

Another landmark was accomplished for coach Leonard Scotten. He recorded his 100th career win with this team.

Team captains were Jason Hofmann, Mark Hubele, and Steve Moan. (gm)

Reserves post 5-2; Freshmen go 3-5

The reserve Woodmen finished with a respectable 5-2 season record. The season looked promising from game one, as they shut out Beech Grove, 28-0. The Woodmen also shut out Whiteland, 21-0, in game three. The only losses of the season came in the final two games. The JV lost to Cathedral 30-9 and to Center Grove, 19-6. Junior R.H. Campbell led the Woodman attack from his running back position.

The freshmen team had a disappointing season of 3-5. Although they were a balanced team, the young Woodmen struggled all season. They downed Beech Grove 18-0, Columbus East 19-18, and Franklin 23-20.(gm)

Magee leads spikers

Carrie Magee led the varsity volleyball team to a disappointing 7-12 record and a runner-up spot in Sectionals. Carrie earned the Spiker Award and was team MVP. She was also named to the All-Conference team. Senior Anna Riester was the Mental Attitude winner.

The season began with tough opponents in Warren Central (11-15, 15-12, 5-15), Ben Davis (11-15, 15-12, 15-5), North Central (15-10, 3-15, 11-15), and Center Grove (5-15, 2-15). It never got any easier as the Spikers managed to win in pairs, beating Franklin (17-15, 15-6), Speedway (15-9, 14-16, 15-10), Avon (15-6, 15-2), Southport (11-15, 16-14, 15-2), and Plainfield (5-15, 15-10, 15-3). (15-8, 15-12), losing to Whiteland in the finals (1-15, 10-15). (MH)

Spikers polish skills

The reserve volleyball team scored an 8-7 season record under coach Rosalyn Lewis. They were an impressive 5-2 in conference play with a team of nine sophomores and three freshmen.

The team started off slowly with wins over Warren Central and Westfield and losses to Ben Davis, North Central, and Whiteland. The Woodmen rolled over other opponents during the season, losing close matches to rivals Center Grove and Perry Meridian and State-ranked

Roncalli.

The freshmen ended with an even 3-3 record under first-year coach, Lee Ann Byrum. Twelve freshmen participated in volleyball.

Perry Meridian was the first to fall to the freshmen, 15-15, 15-10. Southport went three games, losing 15-9, 16-18, 15-5. The freshmen ended the season with a win over Beech Grove, 12-15, 15-4, 15-11. Losses came against Roncalli, Center Grove, and Plainfield.

CC challenge

"I'm very proud of this year's team, especially the girls, because we had enough interest to fill and compete as a team," said Coach Bob Curts. Injuries and illness camouflaged both the girls' and boys' records as both teams struggled to improve.

The boys' performance at the County and Mid-State was the best for Greenwood in a number of years. They were 2nd in the County and 3rd in the Mid-State. Runners qualified for the Regionals for the second consecutive year.

Leading the girls' team on the 2.4 mile course was Jenny Walters with a personal best time of 15:54. Kim Lewis, 17:19; Jessica Moorehead, 17:36; Iris Antcliff, 18:58; Heather Bedwell, 19:14; and Brenda McGaha, 19:47 managed under 20 minutes as personal best times.

The boys' team ran a 3.1 mile course. David Nuhfer led in personal best times with a 16:38. Runners under 20 minutes were Andy Dalton, 16:57; Chad Dalton, 17:03; Brian Lyles, 17:22; Kurt Thomas, 18:31; Jon McSherley, 18:36; Mark Campbell, 18:37; Jay Loudermilk, 18:46; and Tom Venema, 18:51. (lk)

The varsity compiled their eighth straight Mid-State win, a new conference record.

The five seniors provided the back bone for the team throughout a steady season and showed strong leadership for the team. These seniors were Joe Smart, Scott Erny, Aaron Vaziri, Chris Kinsey, and Ched Crouse.

Selected All-Conference were Scott Erny, Ched Crouse, Scott Shelton, Bobby Wilson, Jason Slusser, and Joe Smart. Shelton, Smart, and Wilson were also named All-County. Scott Shelton recorded the Most Wins and was named Co-MVP along with Scott Erny. Erny also won the Mental Attitude award. Joe Smart was named Most Improved.

Woodmen suffer road woes

The varsity basketball team played an entire season with good team defense, passing, and shooting. The only problem, it seemed, was that the scoreboard knew when the Woodmen were in their home whites or road colors. Including Sectionals, the varsity was 9-1 at home and only 2-10 on the road to finish an even 11-11.

The players showed great dedication and determination, especially during Sectionals, where they avenged an earlier loss to Indian Creek,

trouncing the Braves by 20. Jeff Wilson became the first Woodman to attempt a 3-point shot. MVP, Brent Cooley, made the first ever 'trey' while Wilson succeeded in his Sectional attempt. Cooley was among the county leaders in scoring, rebounding, and blocked shots. Brad Reed was named defensive specialist and Sean Mason received the Mental Attitude Award. Coach Gary Vandergriff recorded his 100th career victory. (gm)

The Woodmen, loaded with talent, ran a fast-break while applying a pressure defense. The team was led by juniors, Chris Bauer and Dave Hetherington. Sophomores, David Nuhfer and Mike Gillock, showed continual improvement. (mp)

Ron Raney led the team and was selected Most Valuable. He had the Most Near Falls — 46. At 119, Ron finished with a 26-5 personal record. He was 1st in Sectional and Regional, 2nd in the Mooresville Classic and Semi-State, and 6th in the Mid-State.

Best finish since 1976

The girls' varsity basketball team finished with the season with an 11-7 record, the best record since 1976. Leading the way were seniors Carrie Magee and Franci Patterson. Both were named All-Sectional and All-County players.

Highlights of the year included defeating county rival Center Grove and winning the invitational tourney held at Greenwood this year. The dream of a Sectional title came to a disappointing end after a loss to Indian Creek in the second round of Sectional play. The team had defeated the Braves twice during the regular season. The winning record was an accomplishment the senior team members had worked toward for four years.

Carrie Magee won the Free Throw Percentage award and the MVP, while Franci Patterson received the Field Goal Percentage and Rebounding awards. Junior Joann Losche won the Defensive and Assists awards. Missy Hyatt received the Mental Attitude Award. (mh)

Niki Hunt led the team in 3-point attempts with 100% and in rebounds with 81. Carol Hill took the free throw percentage category with 64%. Leading in assists was Jennifer Reed with 24.

The girls were coached by Ms. Rosalyn Lewis.

Varsity suffers 9-15 season

The Woodman baseball team had an up-and-down season on the diamond. Some games it seemed as though the team could do nothing right and on other days they seemed invincible. This was due to the youth which made up most of the starting line-up.

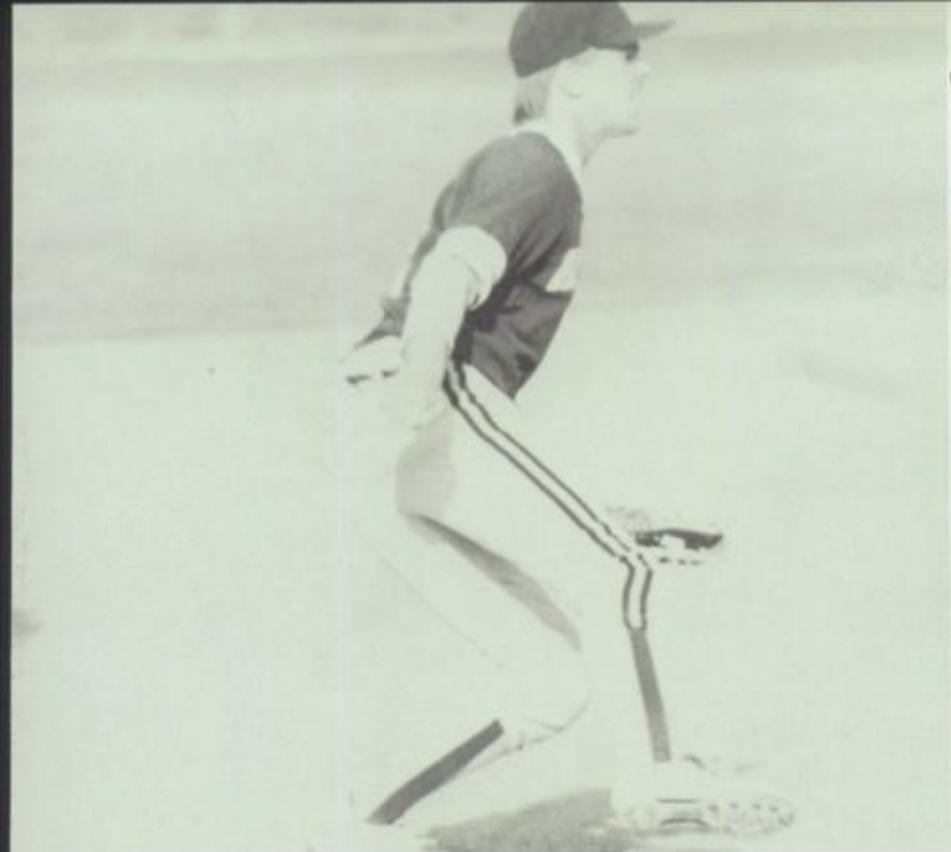

A high point of the season came in beating Avon, ranked 8th in the State, 8-0. The Woodmen defeated Indian Creek 28-6 in the County, but lost to Whiteland, 8-6.

In the Sectional, the team avenged the loss to Whiteland, winning 4-0. But Franklin ended the hopes of a win, 14-5.

Other strong wins for the diamondmen came against Indian Creek (13-0), Beech Grove (16-6), Mooresville (3-0), Edinburg (7-6), and Columbus North (12-11).

Head coach Ed Roush and assistant coach Gary Vandergriff were looking to the future with the young team.

Reserves score 8-13

The reserve baseball team finished with a mark of 8-13.

Although this record was somewhat below .500, Coach Jerry Beasley had good spirits toward the season. Freshmen dominated the starting line-up, usually filling eight of the nine spots available. They did rather well against the more experienced teams they played.

Scott Beasley led the Woodmen in hitting.

Coach Beasley seemed more relaxed with his players because he understood their youth and inexperience. He described the year as a "learning season". (cd)

Inexperience nails freshmen

Coach Dan Skeel didn't seem too pleased with the diamondmen's winless season, but there were many reasons for their lack of success. The most experienced freshmen were moved up to play reserve baseball forcing the remaining freshmen to play at positions with which they were unfamiliar. Coach Skeel was impressed with his team's attitude. He said they never gave up and quit, no matter what the score. (cd)

Softball team goes to Regionals

The varsity softball team climbed up the State rankings throughout the season finishing in the top 10.

With a win at the start of the season over Ben Davis and Greenfield Central, the team was ranked 2nd in the State. The Woodmen kept on winning and defeated Warren Central, 6th in the State, and arch-rival, Center Grove.

The team played with many injuries throughout the season. The greatest loss was pitcher Anna Reister who broke her foot sliding into base at New Palestine just before Sectionals. Kea Sloop was out early in the season with a dislocated knee which required surgery ending her season on the diamond.

The seniors were the strength of the varsity softball team. Candy Key, Carrie Magee, and Jennifer Skeel led the Woodmen.

Candy had a batting average of .441. Lisa White led in batting average with a .443. This is the third year Candy has had over a .400 average. Candy also had the Most RBI's with 28, also her third season to lead this statistic. She recorded five Home Runs for the season, her third year to lead the team.

Jennifer Skeel scored the Most Runs in a season with 29. Jennifer also had the Most Doubles with 6. Becky Miller had 14 Stolen Bases with Lisa White stealing 13. Becky had the Longest Hitting Streak going with hits in 18 games.

This season the Woodmen recorded their most wins in a season at 17. The team also recorded a new high batting average at .345. This season marked the Most Hits in a season, 188 and the Most Stolen Bases in a season, 52.

Winners served

The girls' reserve tennis team had a fair season. Although many new girls made up the reserve team, they were somewhat strong. Vanessa Pete played number one singles followed by Donna Griffin, number two, and Niki Hunt, number three.

Due to some injuries on the varsity, Vanessa and Donna substituted in as number two doubles for the varsity against Perry Meridian and pulled off an unexpected victory.

Overall the season was a challenging one for the Lady Woodmen. (pp)

Calvert second in State singles

The varsity tennis team finished with an 8-9 record. Considering it was a rebuilding year, the Lady Woodmen handled the pressure well with a 2nd in the County behind rival Center Grove. Junior Andrea Calvert continued her string of County wins, not having lost a match in three seasons. She placed 2nd in the State singles competition.

In the Mid-State, the Woodmen had two finalists with Andrea Calvert winning her third straight #1 singles title and Julie Lang winning her first #2 singles title.

Sectionals were disappointing for the aces with a loss to Franklin Central. Again Calvert advanced in the singles competition, but lost in Regionals.

The team lost Julie Lang and Sherri Harvey to graduation. Donna Griffin, Vanessa Pete, and Niki Hunt will vie for singles places. All saw limited varsity action this season. (ac)

Cindermen capture C & C

The boys' varsity track team finished another successful season capturing the County and Conference for the second straight year. The team finished with an 18-6 meet record and was 9th in the Sectional.

The team was led individually by sophomore David Nuhfer in the 800, 1600, and 4 X 400 relay. Nuhfer placed 1st in the County and Mid-State in the 800 and 1600. Junior Shawn Springer was outstanding in the high jump with a 1st in

the County. Senior Jeff Reynolds led the team in the pole vault.

Seven Woodmen qualified for the Regionals. David Nuhfer qualified in the 800, Shawn Springer qualified in the high jump, the 4 X 400 relay team of David Nuhfer, Jason Moldthan, Brad Reed, and Jay Loudermilk with alternates Tim Pinckert and Mike Thomas also qualified. Nuhfer and the relay team set school records during the season. (mt)

Girls lack experience, depth

The girls' track team was a young team consisting of only 23 girls. This lack of depth and experience contributed to their record of 1-11.

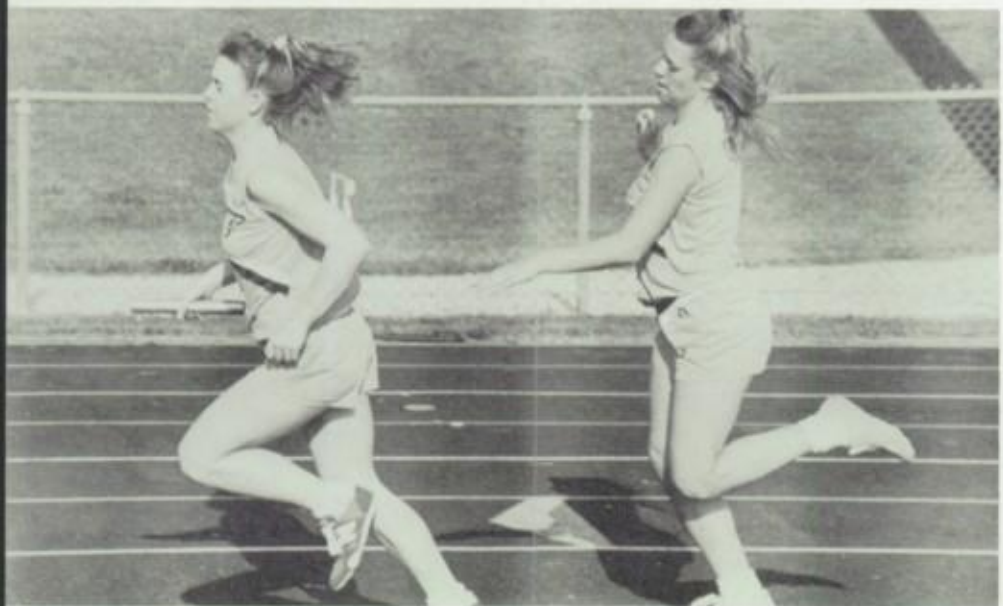

Amy Burton, a freshman, finished 3rd in the County in hurdles and won the Mid-State in the 100 meter hurdles. Amy also participated in the 100 meter dash, long jump, and 4 by 100 meter relay. She also was one of two girls to qualify for Sectionals in the 100 meter dash, 100 meter low hurdles, and long jump. Amy finished 6th

in long jump.

Jenny Walters qualified for Sectionals and Regionals. Jenny missed most of the season with a leg injury, but came back strong. She nearly repeated her trip to the State, but finished 6th by less than a 10th of a second.

Other contributors were Pauline Lee, Julie Lessaris, Wendy Fabricius, and Brandi Cottingham.

Communicators

WASC (Wharton's Advanced Speech Class) and the Journalism classes communicated the events of the days to fellow students.

Each Friday morning, WASC rapped with students over the P.A. bringing a different sound to the announcements. Students in the advanced speech class learned to research, write, and present the news with variety and human interest.

The journalism classes were responsible for the newspaper and the yearbook content. The beginning classes learned the ropes and served as reporters while the advanced students slaved over editing, designing, photographing, and presenting the written communications of the school. Students were treated to broader content in the newspaper while the yearbook students kept the history of the year.

Enthusiastic

Enthusiastic! That's the word which best described the varsity cheerleaders. Starting their season at Notre Dame for camp, the varsity began cheering in competition during the county fair season. They placed third in the Marion County Fair, their best finish for the season.

Through thick and thin, the varsity cheerleaders worked to bring back Woodman Pride. With signs, announcements, and winning attitudes, the varsity led the spirited charge for the Woodman teams. They set the example for the reserve and freshmen squads.

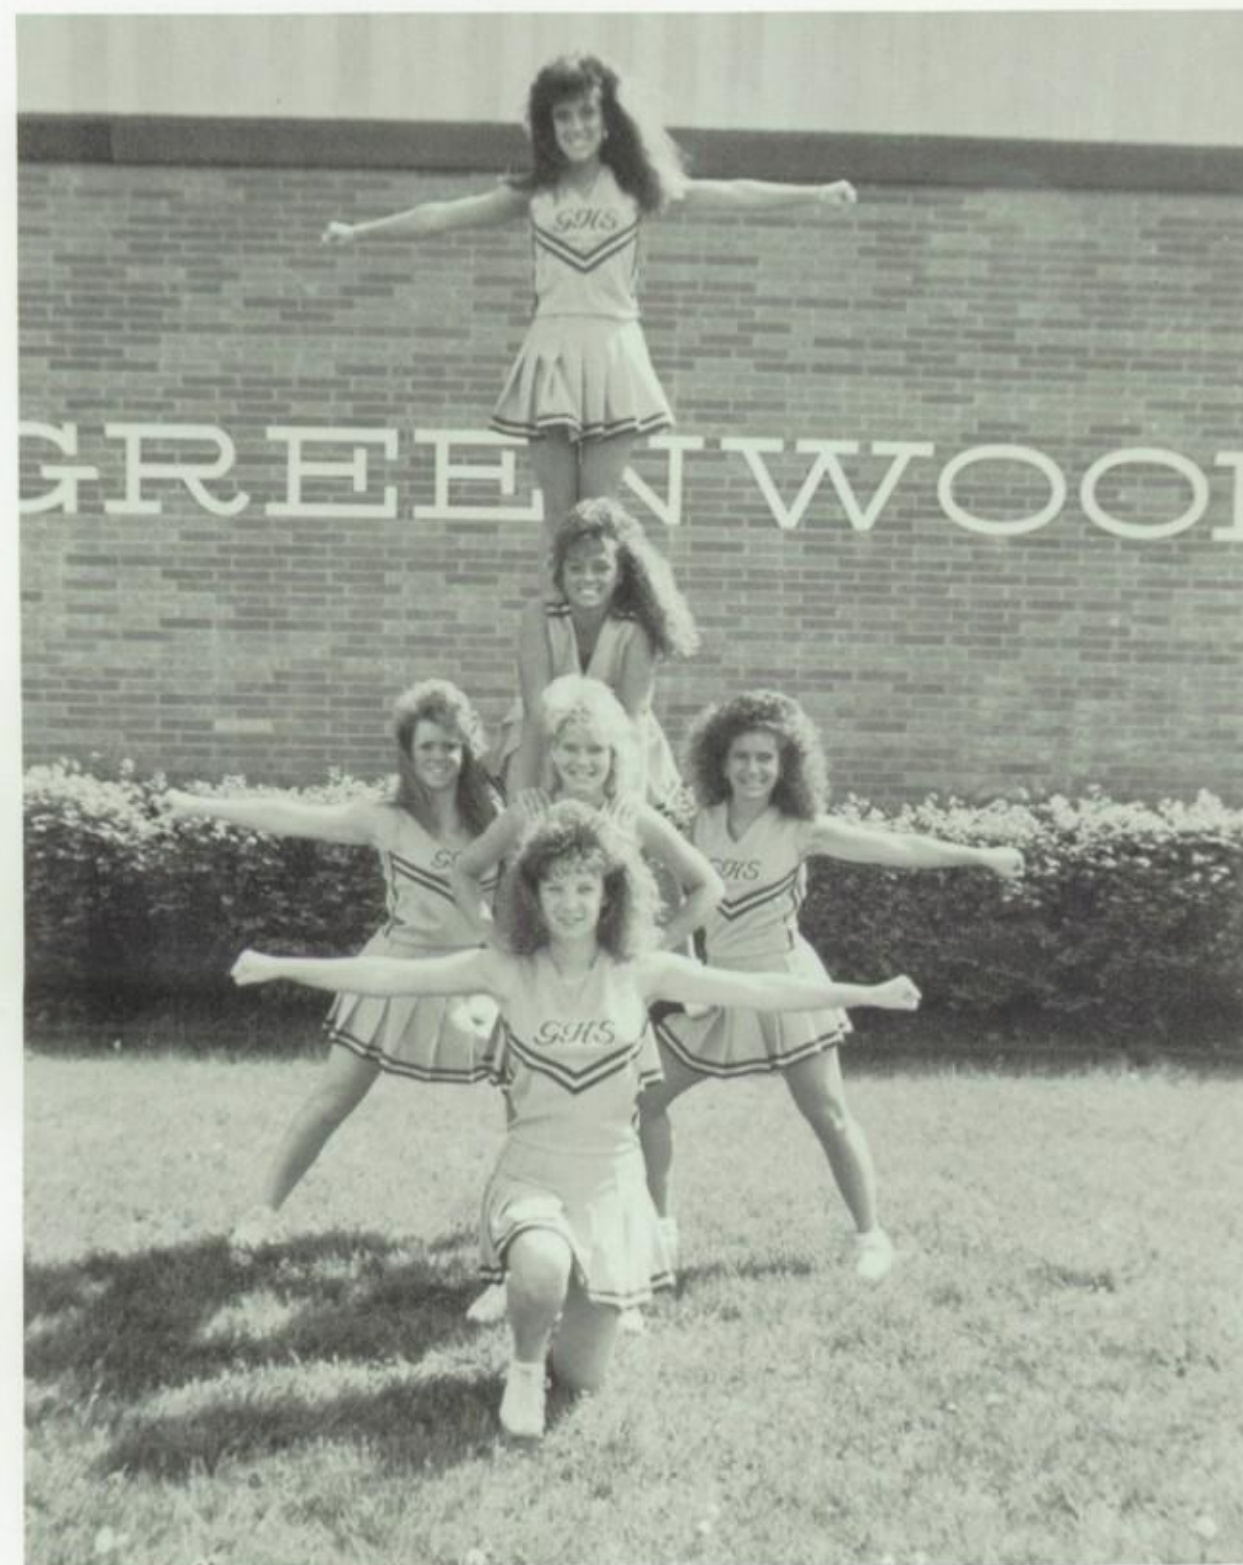

The hard work and high spirits continued throughout the school year. The squad's enthusiasm culminated at homecoming and sectional.

J.V., Freshmen led cheers

The junior varsity and freshmen cheerleaders kept the Woodman Pride showing in the under-classes. Working with the varsity cheerleaders during the summer, these girls added to the pep and enthusiasm seen in the stands at football and basketball games. With their help, cheerleaders were able to attend more events during the year including some girls' games and swim meets. The cheerleaders earned a reputation for being high spirited both in front of the crowds and behind the scenes.

Council governs students

The Student Council served as the governing body for the students. As such they planned activities for the student body including Homecoming Olympics, the MORP, and sponsored the afternoon snackbar. As a service project, the Council sponsored the annual blood drive.

Student Council members were elected by classmates to represent their views in student government. Brenda McGaha served as president and Mrs. Jacqueline Brown was sponsor.

Thespians

The GCHS Thespians learned the ropes of the stage by producing "Cheaper by the Dozen". The play allowed for many students to be on and back stage, many for the first time. In the spring the group joined the music department for "Grease".

Karla Armenoff, Julie Pauszek, Sandy Miller, Becky Romine, and new sponsor, Ms. Janelle Runge, led the troupe.

Spanish

Spanish Club members expanded their knowledge of Spanish speaking countries through club activities. Many members found it was fun to learn about the culture and activities of Spanish-speaking countries in a less formal atmosphere.

The club attended the International Fair at the Convention Center, getting a taste of many cultures. The food was the attraction liked best by those who attended. Mexican food was a favorite of club members as they dined at Chi Chi's. For the Spring Fling the Spanish Club sold nachos for the enjoyment of all.

Canadian visit

Visiting Canada in June was the highlight of the year for many French Club members. The five-day trip included visits to Niagara Falls, Quebec City, and Montreal.

The Canada trip was more than a welcome end to school. A year-long project the club members raised money to pay for by washing cars and selling candy and brownies. They also hosted the Christmas Dance and provided a dart booth at the Spring Fling. (jj)

Wrestlerettes, Boosters cheer

Wrestlerettes and Booster Club led the cheers for the Woodmen. These two groups focused on making signs, decorating, and providing support for the athletes at GCHS. Weekly they provided recognition for the athletes and attended games and matches leading the cheers in the crowd. Their success was easily seen as the Woodmen teams experienced success in key matches. The Green and Gold never faded with the Wrestlerettes and Booster Club members around.

Service aids learning

Sunshine Society, Key Club, and Cadet Teachers found ways to help others. Sunshine Society and Key Club conducted their annual food drive. They also made the school environment more pleasant picking up the grounds.

The Cadet Teachers not only helped at Southwest, but had a chance to explore teaching as a career. Students spent an hour daily assisting teachers.

For the second year, the Academic team brought home medals and trophies as they won Mid-State titles. The Social Studies team qualified for State with the Math team narrowly missing the cut-off score.

The Speech team competed for the first year, winning places in their two meets. Two speakers qualified for the Regionals on the four-speaker team.

National Honor Society recognized outstanding scholars. As a service project, these students helped clean the school grounds. They also recognized the teachers with an Appreciation Week.

SADD members expanded their horizons as they planned programs to battle drug and alcohol abuse by fellow students.

. . . of a dream come true.

The Class of 1988 lived a dream this year — graduation. To the freshmen, sophomores, and juniors that may seem like the ultimate goal to reach, but it is only the beginning of a whole lifetime of accomplishments.

We, the editors of the 1988 Woodman, challenge you to keep reaching and striving for that dream. But most of all . . . believe, because . . . Believing Is the Beginning of a Dream Come True.
